

# Mashauri Hamisi Salumbo

## Flutter / Mobile Applications Developer

Dar es Salaam, Tanzania · +255 719 632 650 · mashaurisarumboo@gmail.com  
[github.com/prof-sarumbo](https://github.com/prof-sarumbo) · [LinkedIn](#) · [Ndinga App](#)

## PROFILE

---

Hands-on Flutter developer with 8+ years shipping Android and iOS apps used in Tanzania. I design, build, test, and publish cross-platform products: marketplaces, maps/navigation, payments, fleet tools, and government-scale services. Comfortable owning a feature from UI to REST API, Firebase, store release, and production fixes.

## SKILLS

---

|                              |                                                                                                                               |
|------------------------------|-------------------------------------------------------------------------------------------------------------------------------|
| <b>Mobile</b>                | Flutter, Dart, published Play Store and App Store apps                                                                        |
| <b>State management</b>      | GetX, Provider, BLoC / flutter_bloc                                                                                           |
| <b>APIs &amp; data</b>       | REST (Dio, http), WebSockets, Realm, Firestore                                                                                |
| <b>Firebase</b>              | Auth, Firestore, Storage, Cloud Functions, Messaging, Analytics, Remote Config, App Check, Google Sign-In, Sign in with Apple |
| <b>Maps &amp; location</b>   | Google Maps, flutter_map, Geolocator, GPS tracking                                                                            |
| <b>Native</b>                | Android (Kotlin/Java Gradle), iOS (Swift/Xcode) for Flutter delivery                                                          |
| <b>Quality &amp; release</b> | Git, Play Console / App Store Connect, in-app updates, Firebase App Check                                                     |
| <b>Also</b>                  | Image/video upload, push notifications, payments, QR, PDF, ML Kit text recognition                                            |

## FEATURED SHIPPED APPS

---

### **Ndinga App** — Founder & Flutter developer

All-in-one vehicle and fleet app for Tanzania: fuel, service, expenses, income, drivers, GPS, marketplace (sell / hire / offers). Live on Play Store and App Store. Stack: Flutter, GetX, Dio, Firebase, Google Maps, Realm. [ndinga.co.tz](https://ndinga.co.tz)

### **NaPA** — Flutter developer

National Physical Address and navigation app (Ministry of Communication and IT). 50K+ Play Store downloads. Stack: Flutter, BLoC, Dio, flutter\_map, Geolocator.

### **Posta Kiganjani** — Flutter developer

Tanzania Posts Corporation app: box rental, virtual box, track & trace, e-shop, nearest post office.

**Other Flutter products:** Tembo Estate (listings, site-visit bookings, payments, Firebase); Kilimo / Mkulima mobile (Ministry of Agriculture); Mifugo HQ; Nashera marketplace (founder).

## EXPERIENCE

---

### **Founder & Mobile Developer** — **Ndinga / Nashera** · 2019 – present · Tanzania

- Built and published consumer apps end-to-end (UX, Dart, APIs, Firebase, store listing).
- Ndinga: vehicle operations, marketplace and GPS for owners, boda, and fleets.
- Nashera: e-commerce marketplace; roles from CTO to CEO while coding the mobile app.

### **Flutter Developer** — **client & public-sector apps** · 2017 – present · Dar es Salaam

- Cross-platform apps for NaPA, Posta Kiganjani, agriculture, livestock, estate, and other Tanzanian organisations.
- REST API integration, maps, auth, media upload, and Play/App Store releases.
- Git collaboration on GitHub and GitLab (including [morani.mawasiliano.go.tz](https://morani.mawasiliano.go.tz) and [git.kilimo.go.tz](https://git.kilimo.go.tz)).

**Mobile Application Developer** · Oct 2017 – May 2021 · Dar es Salaam  
Designing, coding, testing, and deploying Android/iOS apps.

**EDUCATION**

---

- Institute of Finance Management (IFM) — university studies, from 2015
- Ndanda Secondary School — 2010 – 2013

**REFEREES**
